

FAIR USE LICENSE TERMS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

Contribution shall mean any work of authorship, improvements, inventions, plans, suggestions, or discoveries, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to AppDaddy for inclusion in the Work by the copyright owner or by an individual or legal entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "**submitted**" means any form of electronic, verbal, or written communication sent to AppDaddy or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, AppDaddy for the purpose of discussing and improving the Work, but excluding communication that is confidential information or conspicuously marked or otherwise designated in writing by the copyright owner as "**Not a Contribution.**"

Contributor shall mean Licensor and any individual or legal entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

Derivative Works mean any work, whether in Source Form or Object Form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

License means the terms for use, reproduction, and distribution as defined by Sections 1 through 14 of this document.

Licensor refers to AppDaddy Software Solutions Inc. ("**AppDaddy**") or the entity authorized by AppDaddy to grant the License and is granting the License.

Object Form means any form resulting from mechanical transformation or translation of a Source Form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

Personal Purposes means those activities the purpose of which is for furthering personal enjoyment without any commercial advantage.

Source Form means the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

Work means the work of authorship, whether in Source Form or Object Form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in **Appendix A**).

You or **Your** means the individual or legal entity that is exercising the permissions granted by this License.

- 2. Applicability of Fair Use License Grant.** You will only be granted the License if:
- (a) You are a natural person and will only use the Work or Derivative Work for Your Personal Purposes; or,
 - (b) You are a natural person or a legal entity that has less than \$1,000,000 USD gross income / revenue in the prior tax year; or,
 - (c) You are a natural person or a legal entity that will solely use the Work or Derivative Work for evaluating the Work or Derivative Work in a non-production environment.

In the event You are not eligible to be granted the License, you may contact AppDaddy to request a license negotiated on different terms. AppDaddy's contact information is specified on Section 14.

- 3. Grant of Copyright License.** Subject to the terms of this License, the Licensor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, revocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source Form or Object Form.
- 4. Grant of Patent License.** If applicable, subject to the terms of this License, the Licensor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, revocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any individual or entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work, the use of such Work or Contribution or a combination of Contribution(s) with the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.
- 5. Automatic Revocation.** If You have been granted a License but are no longer eligible for the License pursuant to Section 2, then the License will be automatically revoked immediately upon You becoming ineligible. After such revocation, the License will be of no further force or effect. You may contact AppDaddy to request a license negotiated on different terms. AppDaddy's contact information is specified on Section 14.
- 6. Revocation.** AppDaddy may revoke the License granted to You for any reason, at any time, and without any notice.
- 7. Redistribution.** You may reproduce, distribute, and sublicense (on the same terms as contained in this License) copies of the Work or Derivative Works thereof in any

medium, with or without modifications, and in Source Form or Object Form, provided that You meet the following conditions:

- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
- (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
- (c) You must retain, in the Source Form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source Form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

You must retain and distribute a readable copy of the "**NOTICE**" text file specified in **Appendix A** when distributing the Work or any Derivative Works in at least one of the following places: within a text file entitled "NOTICE" distributed as part of the Derivative Works; within the Source Form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

- 8. **Submission of Contributions.** Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to AppDaddy shall be subject to and governed by the terms of this License, without any additional terms or conditions, and You agree that upon intentional submission of the Contribution to AppDaddy, You will be deemed to grant AppDaddy a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable license to use, reproduce, distribute, modify, incorporate into the Work or any other works, and otherwise take any actions concerning any such Contribution(s) as are expressly or impliedly authorized or contemplated under this License, and to sublicense others to do any of the foregoing. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
- 9. **Trademarks.** This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
- 10. **DISCLAIMER OF WARRANTY.** Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE,

NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

11. **EXCLUSION OF LIABILITY.** In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall the Licensor or any Contributor be liable to You for damages, including any direct, indirect, special, incidental, consequential, aggravated, or punitive damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if the Licensor or such Contributor has / have been advised of the possibility of such damages.
12. **INDEMNIFICATION.** You agree to indemnify, hold harmless and, at the Licensor's option, defend the Licensor (including Licensor's affiliates, officers, directors, employees, agents, licensors, suppliers and any third-party information providers) from and against all damages, liabilities, and expenses, including reasonable attorneys' fees, resulting from Your use of the Work or Derivative Works thereof.
13. **Accepting Warranty or Additional Liability.** While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.
14. **Contact Information.** AppDaddy may be contacted by:
